NAUTIC AUDIO

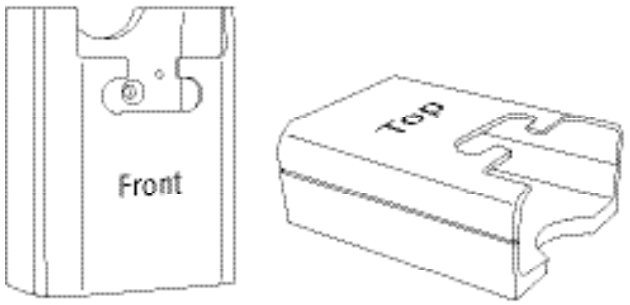
Model: IPOD-DOCK-MBQ

Installation and User Manual

Any model of IPOD with a dock connector can fit perfectly into a single IPOD-DOCK-MBQ through the use of Interchangeable Dock Adapters and an Insert. Dock Housing connects to any cable with an IPOD dock connector.

Installation

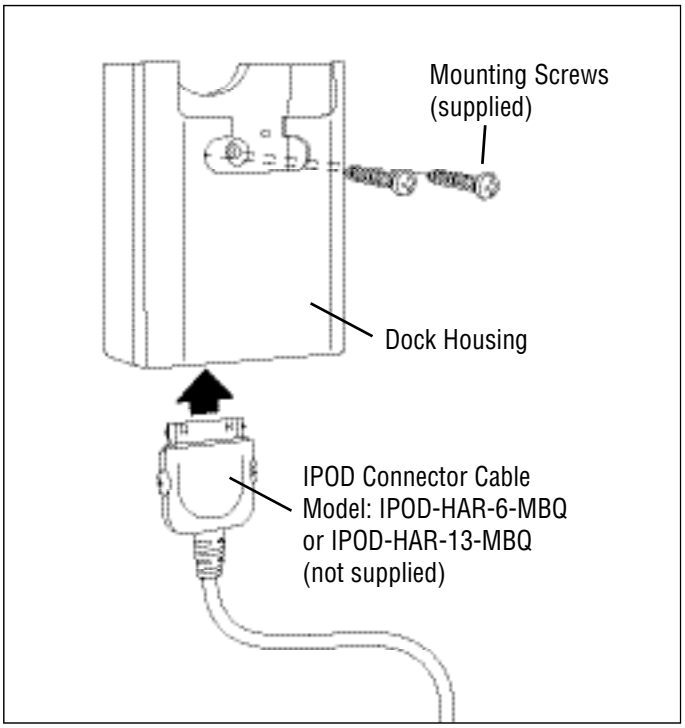
The IPOD-DOCK-MBQ has 2-way mounting capability: Surface or Dash mount. The housing can be installed vertically or horizontally. Choose a mounting location that provides easy access for the user.



Vertical Mount Horizontal Mount

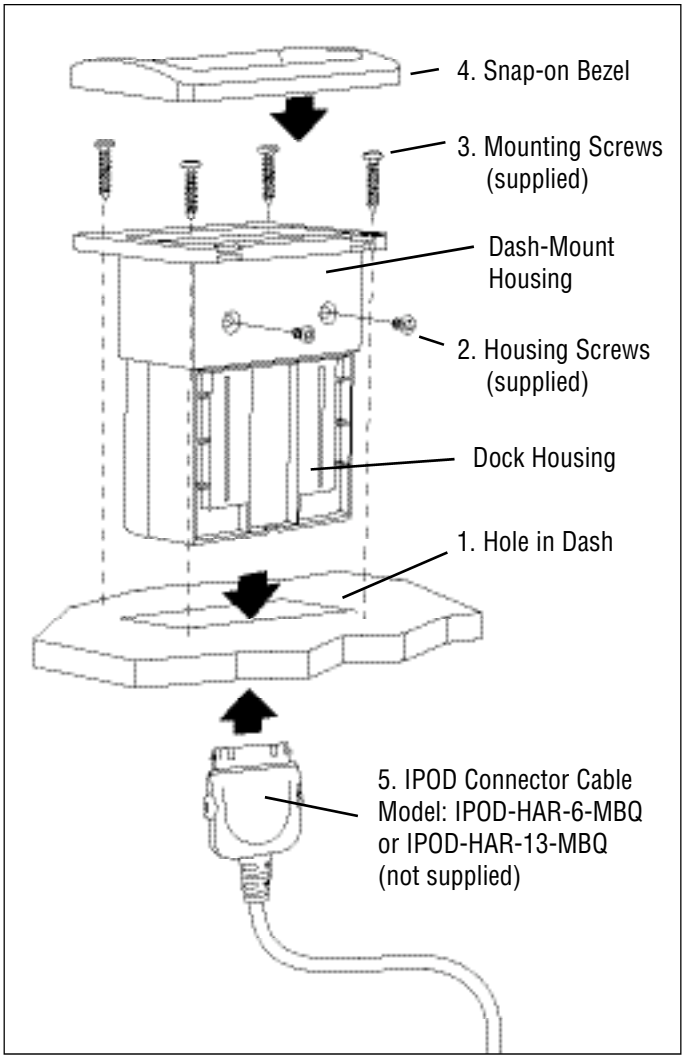
Surface Mounting:

1. Secure the Dock Housing in place by using the supplied mounting screws.
2. Attach the IPOD connector to the bottom of the housing.



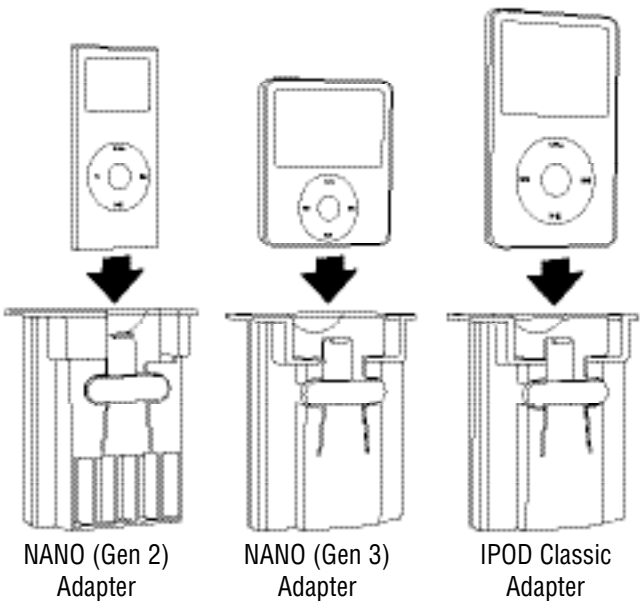
Dash Mounting:

1. Use the enclosed IPOD-DOCK-TEMPLATE to mark where you want to mount the Docking Station.
   Note 1: Make sure there is enough room behind the dash to mount the Dock Housing.
   Note 2: When cutting the hole into the dash make sure there are no cables or wires that can be accidentally cut.
2. Secure the Dash-Mount Housing to the Dock Housing using the supplied screws.
3. Secure the Dock Housing to the dash using the supplied mounting screws.
4. Snap-on the Bezel.
5. Attach the IPOD connector to the bottom of the housing.

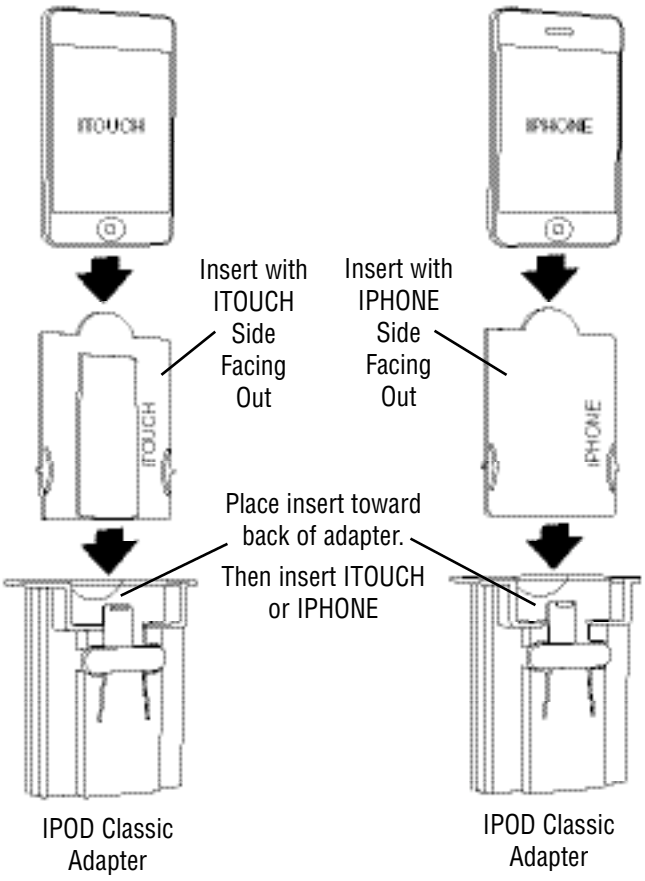


Adapters and Insert

Use the diagram below to choose the Adapter/Insert that fits your IPOD. Identify the adapters by the labels on the back of the adapter housing.

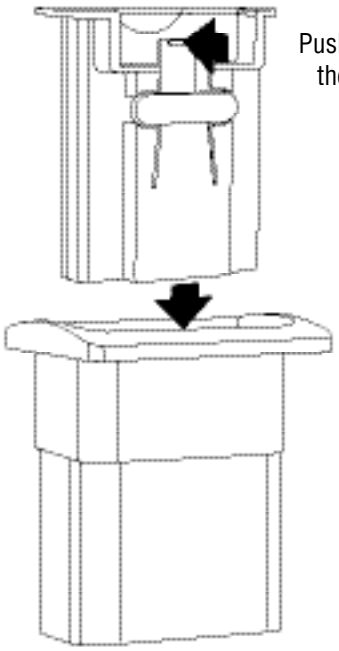


NANO (Gen 2) Adapter | NANO (Gen 3) Adapter | IPOD Classic Adapter



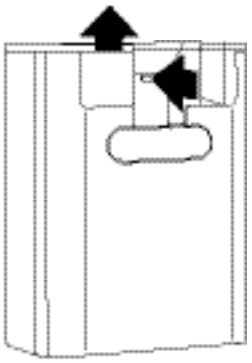
IPOD Classic Adapter | IPOD Classic Adapter

Inserting Adapter



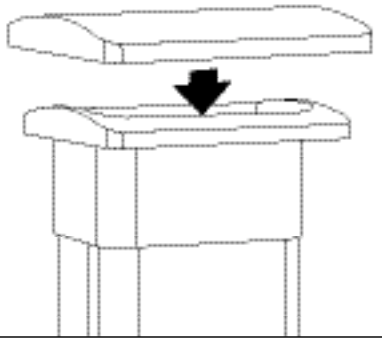
Push the release lever, then insert adapter into housing

Changing Adapter



Push the release lever, then remove adapter from housing

Cover



When not in use place cover on dash mounted docking station to keep out dirt and moisture.
